

Spring Hill Cemetery

Rules and Procedures

Town of Marshall has responsibility for the maintenance and affairs of Spring Hill Cemetery. The cemetery is located on Old County Farm Drive north of the intersection with Spring Hill Road.

Standard lot size is 10' x 10'. Plots 10' x 10' cost \$550. Some lots in the old part of the cemetery are irregular sizes. Standard lots may be subdivided into (2) 5' x 10' plots. Plots 5' x 10' cost \$275. Each plot, 5' x 10', may contain one casket burial, or one casket burial plus one urn burial, or two urn burials. Each plot, 5' x 10', may contain only one stone.

Monument lot size is 5' x 5'. Each 5' x 5' plot may contain two urn burials. Plots 5' x 5' cost \$250.

There is a fee for perpetual maintenance of \$175 for each person buried. This fee is payable at the time the grave is opened and is usually paid by the funeral home. If an urn is presented for burial without the involvement of a local funeral home, the fee may need to be paid by the person requesting the burial.

All caskets must be contained in a vault or grave box.

Any stones or grave markers must be set inside the perimeter of the lot or plot.

US flags will be installed on veterans' graves before Memorial Day and taken down after Veterans Day.
